SPECIAL BRUSHES

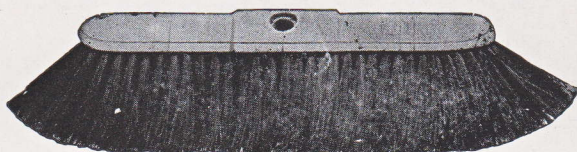

WE have a department for the manufacture of special brushes of most every design. At the head of this department is a brush specialist who has been in actual and continuous contact with the manufacturing of brushes for more than thirty years.

If you wish a special brush, or roll, no matter how unusual, we will be pleased to have a blue print or pencil sketch of your requirement, or if you will advise us what you want to use this brush for, we will be pleased to offer any suggestions that will help you to choose what kind of material or kind of a brush you want made.

We are equipped to render prompt service and a satisfactory product.
